

幼儿学校 Kindergarten School

建筑师：SPACES ARCHITECTS

设计团队：KAPIL AGGARWAL, NIKHIL KANT

甲方：MR. VIJAY GOEL

用地面积：1254 m²

建筑面积：650 m²

地点：India, New Delhi

本设计要求有5-6间教室，可以容纳30名2岁半到5岁的儿童，并且为他们提供活动室、舞蹈及音乐室和医疗室。接待室靠近管理和园长室，可容纳12-15人。设计要求教室内可以充分接触自然光。同时，例如游泳池、滑道、溜冰场、组合空间和沙坑等户外空间也要在设计中加以考虑并进行景观布置。通过运用柔和的蜡笔色彩，使这座建筑拥有了幼儿园建筑的风格。

建筑面向G.T Karnal主路的一面为正入口，但是孩子们进出的入口却被安排在了辅路上（辅路上交通流量较少并且可以合理地监视孩子们的活动）。这个入口可直通到一个能到达地下室和二层的楼梯井。在接待区的一角有接待台，接待台正面是穿孔的不锈钢片。在接待台上部贴满了孩子们绘制的图画。墙上的故事绘画和天花板上的云彩装饰更加为此处营造了充满活力的氛围。

童眼看设计

幼儿园建筑

Kindergarten Design

“ 在一段落满尘埃的素面混凝土结构墙体旁边，镶嵌着温暖的天然木质覆面，孩子们可以通过触觉和嗅觉来感受它，伴随着隔壁室内水景所传来的水花四溅声，美好的感觉便油然而生。这些时刻让年幼的孩子们体会到环境的绚烂缤纷，建筑本身也成了教学内容的一部分，与幼儿的身心高度协调。”

——《学校与幼儿园建筑设计手册》作者马克·杜德克推荐

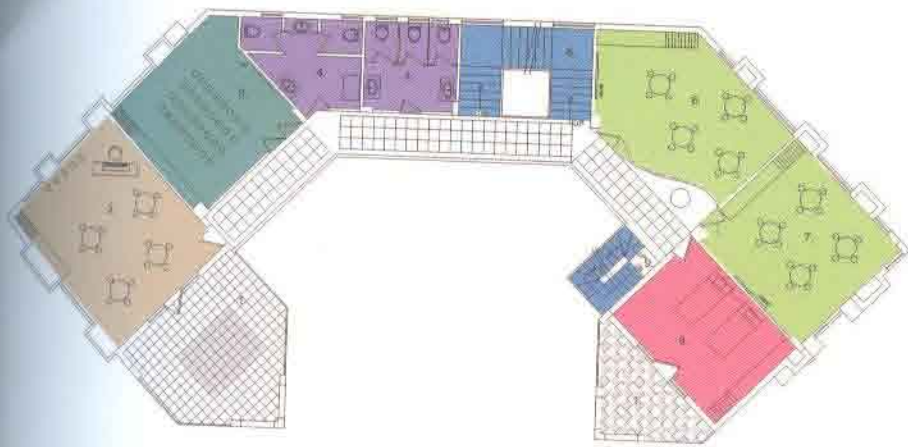

n requires 5-6 classrooms with capacity
 dren meant for children age group of
 rs with Activity Room, Dance & Music
 Medical room. The Reception Room
 ave waiting space for around 12-15
 Administration & Principal room near
 requirement was to have classrooms well
 natural light. Further outer areas are to
 aped & designed for outdoor activities
 swimming pool, slides, skating, assembly
 sand pit. The building was given a
 r of kindergarden school with use of
 ades.

ing's longer side facing the main G.T
 ad has an entrance from front but the
 rance to be used by the children was
 side road (Side road has less traffic &
 movement can be monitored properly), of
 ntrances, one leads to the reception area
 administration & Principal room and the
 sed by the children which opens onto the

well and leads them to the basement as well as the first floor. The reception area has a reception table at one corner with front curved stainless
 et punctured by coloured circular niches, further the top part has the children's paintings glued together. The overall concepts with storybook
 on the wall or the cloud concept on the ceiling add to the vibrant & colourful environment
