CELEBRATING DESIGN

Kapil Aggrawal & Nikhil Kant

Spaces Architects, New Delhi

SPACE Architects was established in March 1998 with a mission of creating sensible functional spaces, enhanced by the intangible sense of emotion, of power, of playfulness. The team is lead by Kapil Aggarwal and Nikhil Kant. From past years, the firm has executed more than 100 projects ranging from furniture to corporate buildings.

This Kindergarten School spread over an area of 6000 Sq.ft. consists of 4 different rooms including; media room, activity centre, medical room and music & dance room. The interior has been created using lots of pastel shades, colours and forms, to create a sense of liveliness to the atmosphere. Different floorings, wall designs and visual effects outline the customized picture of the space for kids and it also defines the core objective of the design - an interactive and educative place with a difference!
